I hope you're doing well! CReW is looking for more members on our mitigation committee and I wanted to see if you might know anyone who could be a good fit. We currently have Waterbury, Moretown, and

Duxbury represented so we're especially looking for Middlesex and Bolton residents. They don't need to be already involved in flood mitigation/resilience work - they could just be interested in supporting and moving the work forward.
If you know anyone who might be interested in joining us or learning more, please send them my way!
